#### IT MUST BE DONE BY FORCE

If the United States Restores Lilioukalanani to Her Throne

SAN FRANCISCO, Nov. 13.—In an interview with the Hawaiian consul-general last night he said:

"Uncle Sam may restore Lilioukalanani by force, but that is the only way she can reach the throne again. If this is done the United States government will have to maintain her on the throne by force. The provisional government is strong enough to maintain the control of the islands unless the United States should interfere. Of course, it could not fight the United States, but if this government should interfere to restore the deposed queen she would be deposed again as soon as the force was withdrawn.

The letter of Secretary Gresham is dated October 15. This was two days prior to the departure of Minister Willis to Hawaii. It would seem that our minister at Washington, Mr. Thurston, should have been notified at the same time, but he was not. The Hawaiians believe that the royalists have had information that was inaccessible to those of us who favor annexation. Lilioukalanani, has said all along that she would be restored by the American government. She has told her supporters to have no fear, as the Washington government would certainly place her back on the throne.

"Secretary Gresham has been misinformed on several points," continued the consul-general. "Minister Stevens acted on precisely the same instructions which the American minister during Mr. Cleveland's first term received. That fact is susceptible of proof. Minister Stevens only did what President Cleveland himself, during his first administration, ordered the American minister to do if certain contingencies should arise. The landing of the marines from the Boston was not necessary to the success of the revolution. The revolt was a success long before they were landed. It was some time after landing before they were quartered in the building to which Secretary Gresham refers, and they were sent there because it was the only building which was suitable."

#### PROBABLY INCENDIARY.

A Theater, a Hotel and Other Buildings Destroyed by Fire at Fort Wayne.

FORT WAYNE, Ind., Nov. 13.—About 1 o'clock yesterday morning fire broke out in Geary's theater. The flames originated in the interior of the building somewhere about the stage, and no sooner had the alarm been given than the entire building was one mass of flames. The wall on the west side of the Aldine, which is separated from the theater by a walk four feet wide, for a time withstood the heat, but soon succumbed to the fire, and the hotel was totally destroyed. All the occupants succeeded in getting out. The flames also took hold of Miller's furniture store, Hattersley's plumbing establishment and Lades' gun store.

Cook's printing office, which occupied one corner of the first floor of the Aldine hotel building, was entirely destroyed.

The loss foots up about \$68,000, and insurance about \$40,000.

At 4 a. m. the fire was completely under control, but several streams of water played on the flames and ruins until 9 o'clock.

The general supposition is that some fiend set the theater building on fire.

#### GOES FOR GRESHAM.

Ex-Minister Stevens Comes Out in a Reply to Mr. Gresham's Report on Hawaiian Affairs.

AUGUSTA, Me., Nov. 13.—Ex-Minister Stevens, in a signed editorial in the Kennebec Journal, takes Secretary Gresham to task for his attitude and report on the Hawaiian revolution. Among other things he says:

"All that American piety, American benevolence, American schools and American patriotism have accomplished in Hawaii in the past seventy years are now concentrated in the provisional government and stand in its support. It is a government honestly and ably administered and the best government that Hawaii ever had." He says that for the United States to overthrow this government would be a crime of startling import.

Ex-Minister Stevens attributes Mr. Gresham's policy to hostility to Mr. Harrison and the late Jas. G. Blaine, which drove him out of his party and into his present position. The document is a very lengthy one.

#### Six Loaded Coal Barges Lost.

POMEROY, O., Nov. 13.—The Pittsburgh towboat S. L. Wood met with a disaster in the fog at Letart Falls Saturday, losing six loaded barges, aggregating nearly 100,000 bushels of coal. No lives were lost. Navigation will be suspended until the wreckage is removed from the channel. This is the greatest disaster at this point in its history.

#### The Rifflans Discouraged.

MADRID, Nov. 13.—The sheik in command of the besieging forces at Melilla was killed by a shell from the Spanish cruiser Conde Venadito on November 6. The Rifflans are reported to be discouraged. Several thousand of them are thought to have withdrawn.

#### On a Sad Mission.

BLOOMINGTON, Ill., Nov. 13.—Vice-President Stevenson and wife departed yesterday morning for Louisville, Ky., where they will attend the funeral of Mrs. Stevenson's half-brother, Maj. Jerry Lawrence.

## DAILY REPUBLICAN.

R. E. HARRISON, | W. F. CALDWELL.  
HARRISON & CALDWELL, Prop'rs  
DECATUR, ILLINOIS.

Entered at the Post Office at Decatur, Illinois  
second class mail matter.

MONDAY EVE. NOV. 13, 1898.

THIS was a bad year for demagogues.  
The people refused to heed their sophis-  
tries.

THE Greenham report on the Hawaiian  
affair is on a par with John P. Altgeld's  
pardon message. Both are special pleas  
for performing acts, the correctness of  
which, both knew would be questioned  
by intelligent people.

MR. CLEVELAND would do well to re-  
member that if majority rule is so much  
to be desired in Hawaii, that it would  
also be desirable in the South where the  
colored population is much more intelli-  
gent than it is in the Hawaiian islands.

THE new government in Hawaii is a  
white man's government, and is the re-  
sult of an attempt of a disreputable  
native queen to overthrow the constitu-  
tion; yet Minister Blount, who hails  
from Georgia, where there has been a  
great clamor for a white man's govern-  
ment, and where they suppress the col-  
ored vote in order to get it, and where  
they complained, at one time, that the  
government was trying to force negro  
domination upon the south with bayo-  
nets, in his report of Hawaiian affairs  
has become a great stickler for majority  
rule. He contends that the natives, who  
are semi-barbarians, are in the majority  
and prefer the rule of their queen, and  
hence that our government should re-  
spect the wish of that majority. Grover  
Cleveland, on the strength of Blount's  
contention, proposed to force a black  
man's government on the whites in Ha-  
waii with bayonets. If this administra-  
tion is proceeding in this matter from a  
pure sense of fairness, why don't it see  
that the majority has its rights in the  
south—in the states of Georgia, Missis-  
sippi, Alabama and the Carolinas?

### Hawaii Again.

HAD the present administration started  
out to do the most impolitic and inde-  
fensible thing it could do upon the heels  
of the recent election, it could not have  
selected a thing that so thoroughly fills  
that measure as the decision to restore  
the Queen of Hawaii on the pretext that  
under the Harrison administration the  
success of the revolution which resulted  
in deposing her, was aided by Minister  
Stevens and the United States marines,  
and therefore it becomes the duty of this  
government in the interest of fairness to  
restore the old government.

The fact that Olus Spreckels, the  
sugar king, and Mr. Benedict, whose  
yacht has so often been at the disposal  
of Grover Cleveland, and who is the head  
of the sugar trust, both are opposed to  
annexation serves at the outset to cast a  
shadow over the honesty of purpose of  
the administration in the affair and which  
under different circumstances it might  
with some reason claim.

SINCE the Greenham note to the presi-  
dent has been made public, Minister Ste-  
vens, Congressman Hitt and others fa-  
miliar with the affairs of Hawaii have  
said there is no foundation for the allega-  
tion that the United States authorities  
interfered in aid of the revolution, and  
these gentlemen are as worthy of belief  
as either Mr. Greenham or the president,  
and certainly the position they take is  
more tenable than that taken by those  
people who have gone into the business  
of setting up kingdoms in direct viola-  
tion of the principles of the declaration  
of independence.

THE most inexcusable mistake the ad-  
ministration has made is in assuming  
that the return of the present adminis-  
tration to power constitutes a new gov-  
ernment. This is the same blunder it  
made in the interior department in rela-  
tion to pensions, proceeding on the the-  
ory that the present administration is  
not bound by the acts of its predecessor.  
In the Hawaii affair the government re-  
cognized the new government and agreed  
upon a plan of annexation to the United  
States. When Mr. Cleveland was in-  
augurated he withdrew from the senate  
the annexation proclamation of Mr. Har-  
rison and sent Mr. Blount to Hawaii  
where he bailed down the American flag,  
and from the Greenham note it  
appears that Blount, who was sup-  
posed to represent the United  
States and its interests, instigated an  
investigation for the purpose of con-  
vincing his own government of exerting  
improper influences in insuring the  
success of the revolution. He claims to  
have been unsuccessful in securing such  
evidence, and upon that evidence it is  
proposed to restore the queen.

AS a piece of base-faced imbecility  
this probably beats anything ever at-  
tempted by any administration this gov-  
ernment has ever had. Should the res-  
toration succeed, all that will be nec-  
essary for the queen to do to secure dam-  
ages from this government before any  
court of arbitration that could be orga-  
nized would be to place in its hand the  
evidence selected by Mr. Blount. Other  
governments from which the members of  
such a court would be selected consider  
this government what it is, a continuous  
government, and Cleveland's theory that  
it became a new and different govern-  
ment when he was inaugurated would  
not be considered a moment by such  
court as worthy of consideration.

Then again, if the present adminis-

tration undertakes to restore the queen  
there will be bloodshed and destruction  
of property, as those who make up the  
present administration in Hawaii are  
the marauders and business men and all  
white people at Honolulu, and whom the  
characterless queen attempted to dis-  
franchise by overthrowing the constitu-  
tion and which act cost her her throne.  
These people will not yield to Mr.  
Cleveland's wishes in this matter, to  
accommodate Olus Spreckels, without a  
contest. In case there is a contest it  
will be impossible for this government to  
avoid bringing itself in collision with the  
interests of European countries on the  
islands and looking at it from any point  
of observation, the course of the govern-  
ment is silly and disgraceful. Mr. Cleve-  
land might oppose annexation and still  
be consistent; but when he goes into the  
business of restoring a queen, in oppo-  
sition to the business interests of the  
islands of Hawaii and thus forcing semi-  
barbarism upon civilization he must be-  
come, as he surely will, the laughing  
stock and superlative chump of modern  
civilization in all nations.

### Election Crimes.

IT is very remarkable that with all  
their howl about a free ballot, that it is  
only the Democratic bosses who perpe-  
trate election frauds and resort to bul-  
ldozing at the polls to defeat the will of  
the people. In the recent election a lot  
of ward heelers were arrested in Pitts-  
burg for attempting to deprive voters of  
their suffrage, and in Brooklyn John G.  
McKane, a Democratic leader, and his  
gang, will be prosecuted for wholesale  
bulldozing and defying the courts; and  
in Buffalo the Democratic sheriff, An-  
gustus Beck, Deputy Sheriff Oliver G.  
Steele, Police Superintendent George  
Champion and Michael Regan, all tools of  
Lieut.-Gov. Sheehan, have all been arrested  
for voting colonizers and other illegal  
voters. The party that furnishes these  
men is the party whose leaders are try-  
ing to repeal the federal election law and  
break down every other restraint upon  
fraud at the polls. There is no doubt  
that it was pre-arranged to put the Dem-  
ocratic party beyond the possibility of  
defeat, by fraud, at the recent election,  
but the disgust of the people with the  
stupidity of the present administration's  
course led them to vote the Republican  
ticket in such overwhelming numbers that  
the frauds were inadequate to defeat their  
will. It is to be hoped that the New  
York legislature-elect, which is strongly  
Republican, will resurrect the old Repub-  
lican state election laws, which were re-  
pealed by Hill when he was governor to  
open the gates to fraud, or enact still  
better ones, and also, as the Republicans  
have a large majority in the constitu-  
tional convention, will make a constitu-  
tional amendment as will prevent such men as Hill and  
Tammany from again, if they should  
regain power, from enacting election  
laws with a view of opening the way to  
fraud in order to fasten a Democratic  
administration on New York and the  
nation.

## CLOSE CALL FOR A FIRE.

Burglars Enter George E. Knight's  
Home and Do Mischief.

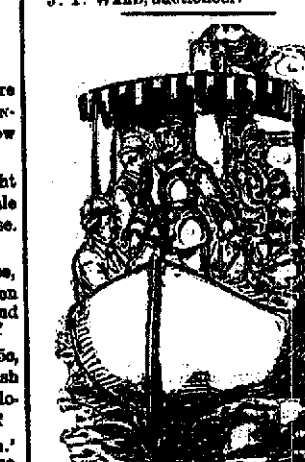

The home of George E. Knight at 808  
West William street was visited by two  
or more burglars Sunday night while the  
family was away at church. When they  
returned home they discovered that the  
dining room door was open, and on going  
up stairs they realized that something  
was burning somewhere in the house.  
They searched everywhere for the fire,  
but fully an hour elapsed before they  
located the fire. And they found it just  
before they had about decided to give up  
the search. They thought possibly that  
the carpet in the bath room was burning  
near the furnace register, and while they  
were feeling around on the floor, Mrs.  
Knight happened to feel the heat from a  
trunk in that room. On the floor near  
the trunk were a number of burnt  
matches. Mr. Knight opened the trunk  
at once. He took out the tray and  
as he did so the smoldering fire burst  
out in flames. There was no damage ex-  
cept to the contents of the trunk, which  
no doubt had been purposely or acci-  
dentally set on fire by the burglar while  
he was searching for valuables. Further  
search revealed the fact that burglars had  
been in the house and had entered all of  
the rooms but one. They effected an  
entrance through a window in the kitchen  
by using an instrument to force up the  
sash, thus breaking the catch. They es-  
caped through the dining room door.  
They succeeded in getting 50 cents in  
change and some jewelry from a room oc-  
cupied by Miss Wright; and they also  
went through the room occupied by Miss  
Goodwin of Bethany, who is away on a  
visit. The burglars cut a slit in one of  
the window blinds down stairs and put a  
stick in it, making a hole large enough  
for one of the thieves to keep a lookout  
for the approach of the probable owners  
of the property.

Mr. Knight is very thankful that he  
kept up the search to locate the fire.  
Had he not done so, there would have  
been a serious conflagration with possi-  
ble loss of life.

## NOT FORGOTTEN.

Three Decatur Democrats Get  
Plums from Wilcox.

In the Sunday Review it is announced  
semi-officially that Dr. J. L. Wilcox, in-  
ternal revenue collector, has decided to  
give a new plum in the revenue depart-  
ment to the Decatur Democrats. The  
fortunate ones are three in number.  
They are Edward Bowen, named for  
gauge at \$5 a day, and George W. Ehr-  
hart and Gus Lebbardt for stenographers  
at \$4 a day each. The appointments  
will more than please the appointees and  
their friends but the announcement will  
not be hailed with delight by those who  
got left. Senator Maness and Editor  
Drennon were at Springfield Saturday.  
They brought back the news that Bowen,  
Ehrhart and Lebbardt had knotted out  
all other applicants. Mr. Bowen, during  
the last session of the legislature, was  
assistant doorkeeper in the senate; Mr.  
Ehrhart is the senior member of the fruit  
house of Ehrhart & Co., and Mr. Leb-  
bardt was formerly a mail carrier. He  
was let out and went west, being absent  
several years. Since his return he has  
been running a candy store on East El-  
dorado street. The gentlemen will be  
assigned to duty at Pekin, and may not  
begin work until January.

**Amusement Notes.**

"In Old Kentucky," at the New York  
Academy of Music is pursuing the even  
tenor of a prosperous way whose end is  
lost to sight in the indefinite future.

One of the fetching new features of  
"The Hustler" is a Salvation Army  
parade. It elicits great applause where-  
ver the piece is seen.

The property man of "A Nutmeg  
Match" was recently puzzled over the  
mysterious disappearance of property  
turkeys used in the wedding feast. He  
finally saw one being devoured by the  
yellow dog, Superfluus, which has fol-  
lowed the company from San Francisco.  
The canine thought the turkeys genuine.  
Such is the perfection of contemporary  
stage realism.

"The Ensign," which recently finished  
a very successful engagement in New  
York, returns to that city this week, Nov.  
13, to be seen at the Columbus Theater.  
It goes thence for a stay in Boston.

Steve Brodie announces that "On the  
Bowery" will show how easily that plea-  
sant thoroughfare may become associat-  
ed with the destinies of uptown swells.

"Yon Yonson" this week will fill its  
second Chicago engagement for this  
season.

**Want \$40,000 Damages.**

The *Pana Palladium* may suit has  
been commenced in the circuit court by  
the following members of the Salvation  
Army: Thurston Thomas, Wm. Crosby,  
John Stigers, Isaac Galley, Calvin M.  
Turkentine, D. M. West, Price Turken-  
tine and Wm. Stokes against Aldermen  
Thos. J. Downey, Wm. Stahlman, J. O.  
Henderson and Thos. J. Lester and Offi-  
cers Ira Coburn, James McDaniels and  
Daniel Hays for the sum of \$40,000, \$5,000  
for each of the plaintiffs, for damage  
done them through false imprisonment.  
The suit is brought through their attor-  
neys, Hamlin & Skelley, of Shelbyville,  
and C. E. Springston, of Pana, and is an  
individual suit instead of against the  
city of Pana, as it is generally supposed.  
The suit recalls the trouble experienced  
last summer when the male members of  
the Salvation Army above mentioned,  
including Captain Sturgeon, were ar-  
rested and placed in jail on the charge of  
disturbing the peace, blocking the  
streets and being a general nuisance, the  
circumstances of which the readers of the  
*Palladium* are familiar.

**The Government Crop Report.**

The November returns to the depart-  
ment of agriculture on the rates of yield  
per acre make the average for corn 22.6  
bushels, a result due in the main to the  
severe, extensive and persistent drought.  
The rates of yield in the principal corn  
states are reported as follows: New York,  
29.3; Pennsylvania, 24.9; Ohio, 24.3;  
Michigan, 23.7; Indiana, 24.3; Illinois,  
25.5; Iowa, 25.4; Missouri, 27.5; Kansas,  
20.3; Nebraska, 25. The returns of po-  
tatoes give the estimated average yield  
per acre for the whole country at 72.2  
bushels. Consolidated returns from the  
potato growing states make the estimat-  
ed yield per acre 65.3 pounds as against  
652 pounds in 1922. The average yield  
of hay is reported at 32 tons per acre as  
against 1.17 tons in 1922. The reports as  
to the yield of buckwheat give the gen-  
eral average as 14.7 bushels per acre as  
against 14.1 in 1922 and 15.3 in 1921.

**Says It is a Bluff.**

A dispatch from Springfield says that  
the town of Maroa has been made de-  
fendant in a suit in which \$6,000 are in-  
volved. The plaintiff are a firm in  
Canada and they claim that the above  
amount is due them for further used in  
constructing the Peoria, Atlanta & De-  
catur railroad (now Vandalia line)  
through this township. The road was  
built in 1872 and the township was  
bonded for \$75,000. The plaintiff claims  
that they also furnished money to build  
the elevator now owned by Miner Allison.  
This is a mistake as the elevator was  
built by O. F. Emery about the same  
time the road was constructed. After  
the bonds were issued and had been ac-  
cepted by eastern capitalists, they were  
declared void by act of the legislature.  
The suit has probably been instituted more  
as a "bluff" than any hope of getting  
the amount claimed. The people of the  
township can rest assured that they will  
never be called upon to pay the claim.—  
Maroa Times.

**Says It is a Bluff.**

A dispatch from Springfield says that  
the town of Maroa has been made de-  
fendant in a suit in which \$6,000 are in-  
volved. The plaintiff are a firm in  
Canada and they claim that the above  
amount is due them for further used in  
constructing the Peoria, Atlanta & De-  
catur railroad (now Vandalia line)  
through this township. The road was  
built in 1872 and the township was  
bonded for \$75,000. The plaintiff claims  
that they also furnished money to build  
the elevator now owned by Miner Allison.  
This is a mistake as the elevator was  
built by O. F. Emery about the same  
time the road was constructed. After  
the bonds were issued and had been ac-  
cepted by eastern capitalists, they were  
declared void by act of the legislature.  
The suit has probably been instituted more  
as a "bluff" than any hope of getting  
the amount claimed. The people of the  
township can rest assured that they will  
never be called upon to pay the claim.—

A HORRIBLE STORY.

The House of Phil Evans Blown Up With Dynamite.

HIS MOTHER, WIFE AND DAUGHTER.

Known to Have Retired Some Hours Before, Nowhere to be Found and Supposed to Have Been Blown to Atoms.

BARDSTOWN, Ky., Nov. 12.—The fury of at least a part of the mob that would have hanged Phil Evans has at last vented itself in an awful manner. At 12 o'clock last night the home of Evans, two miles in the woods back of Samuel station, was blown up with dynamite, a fusillade of shots fired for some unknown reason, and the fragments of the dwelling burned until nothing but a few bricks were left. The aged mother of Evans and his wife and daughter, though known to have retired last night, are nowhere to be found, and there is every reason to believe that they were blown to atoms. The only thing that causes one to doubt that they were killed is the difficulty of conceiving how such a horrible butchery could be executed by human beings. Simply on this account there are some who think that they were driven from the house at midnight. Yet, if so, they would certainly have been seen by some one to-day.

A WOODEN-LEGGED VILLAIN

Brutally Assaults a Young Girl and Lands in Prison.

ST. LOUIS, Nov. 13.—There was considerable excitement in the neighborhood of Meramec Highlands yesterday, occasioned by the report that Liddle Coleman, 10 years of age, who lives with her sister, Mrs. George Laught, on the Highlands, had been brutally assaulted on Saturday by Albert Gassaway, a young man who lives in South Kirkwood. Had he been in the hands of the indignant people he would have been hanged.

Miss Coleman was on the way from the home of her parents in South Kirkwood to the home of her sister on Meramec Highlands, and when on the road near the residence of Col. Yarnall Miss Coleman alleges that Gassaway assaulted her and dragged her into the high weeds near the road and accomplished the purpose of his brutal assault. After being released, the suffering girl, bleeding from the wounds inflicted by her assailant, went to the home of her sister and told of her terrible experience.

Town Marshal Shaw of Kirkwood was notified, and early yesterday morning he arrested Gassaway at his home, southwest of Kirkwood. The prisoner was lodged in the town prison at Kirkwood.

It was reported that a boy named Cook, who lives in South Kirkwood, was with Gassaway when he attacked the girl and witnessed his outrage upon her.

Gassaway is about 31 years old and was raised in and near Kirkwood. About seven years ago he had one of his legs cut off below the knee by a train on the Missouri Pacific, and he uses a wooden leg. He has served a term on the chain gang at Clayton for violation of the law and is considered a rough character.

A FLING AT GEN. HARRISON.

So the Venerable Bishop Newman Characterizes Secretary Gresham's Hawaiian Report.

MINNEAPOLIS, Minn., Nov. 13.—The venerable Bishop John P. Newman, Gen. Grant's old pastor, and the bosom friend of many public men of this and the previous generation, paid a missionary visit to the Hawaiian islands just before the revolution. Talking on the subject at the West hotel to a reporter of the United Press, Bishop Newman said:

"I do not believe that the people of this country will ever permit President Cleveland to restore the monarchy. He cannot do it. How is it to be accomplished? These are questions upon which the people may have something to say. When I was in the country the people were ripe for independence. The leaders of the revolution were the cream of the intelligence and dignity of its residents. The fact is that but for American civilizing influences the islands would be in a rapid state of decadence. On the last Sunday I was there I visited no less than six Sunday schools, all promoted by American zeal and maintained by American money. The state paper just issued on the subject seems to me to read more like a partisan argument than a state document. The underlying idea seems to be to get in a fling at Gen. Harrison."

BUILDING ASSOCIATIONS.

An Interesting Question of Interest Under the Laws of Missouri.

MOSELEY, Mo., Nov. 13.—Judge Thomas, of De Soto, Mo., ex-judge of the supreme court, has filed in the circuit court a petition involving several questions of great public interest, especially matters relating to building and loan associations. The suit is brought in behalf of the judge's daughter and son-in-law, Mrs. and Mr. J. W. Evans, of Moberly, against the Phoenix Loan Association of St. Joseph, Mo., Mrs. C. C. Heath, of St. Joseph, Mo., and Valentine Beigel, of Moberly, agent for said society. The petition, which is very lengthy, seeks to set aside two trust deeds given by plaintiffs to secure a loan of \$8,700, and alleges that the loan was and is illegal, fraudulent and oppressive.

Should the court concur in this view the effect on the thousands of loans and mortgages held on homesteads in Missouri by similar societies will be very serious. The petition claims, first, that the Phoenix association had no right to arbitrarily fix the premium at 65 cents per share per month, but that such premium could only be fixed by fair and open bidding at a meeting of the stockholders; second, that the company falsely pretended that only 6 per cent. interest would or could be charged, when in fact it charged plaintiffs 20 per cent, and that this was done to evade the usury laws; that defendants are conducting an illegal business in that it charges borrowers fifty cents per month per share for dues, fifty cents per month per share for interest and sixty cents per share per month for premium, whereas non-borrowers pay only fifty cents per month per share at dues; also that the company borrowed the money it loaned plaintiffs, it being claimed that a building and loan association has no authority to borrow money to make loans.

It is also charged that the defendant company induced plaintiffs, without allowing them an opportunity to examine, or have examined, the papers, to execute two deeds of trust, one for \$2,000 and one for \$4,390, making \$6,390 for a loan of only \$2,700, and that it refuses to inform plaintiffs as to the amount of profits made by the defendants or to share in the same. This suit is brought to test the constitutionality of section 9,314, Revised Statutes of Missouri, which allows such societies to charge usurious rates of interest, this privilege being denied banks, individuals and other corporations. Under the above section and the peculiar manner of manipulating things these societies are allowed to and do charge from 15 to 35 per cent. interest.

AMERICAN RACE HORSES

To Take Part in the Races at the City of Mexico Next Month.

CITY OF MEXICO, Nov. 13.—The first consignment of three cars of American horses for the races to be held here next month have arrived over the Mexican Central, via Dallas and El Paso, Tex. The most of the horses were shipped from St. Louis, and a number of well-known stables are represented. Among these are animals owned by Harry Stover, Tom Hazlett, Bob Terrence, L. W. James and Capt. Rice, of Little Rock, Ark.

Well-known animals in the ship's ments are: Berwyn, Vortex, North-western, Borderer, Arkansas Traveler, Hill Arp, Long Tom, Haymarket, John M. Palmer, Guard, Royal Flush, Frances Pope, Little Crete, John Bonbon, Chimes, Bob Rice, Jr., Arthur Murray, Gov. Porter, Robin Hood, Freedom, Winona, Bob Fitzsimmons, Pullman, Juno and Red Wing. R. C. Pate, of St. Louis, and the other well-known horsemen of the United States interested in the Mexico-American Blood-Horse association have other shipments on the way to follow.

Work on the track and grounds at Penon is being rapidly pushed and will, from appearances, be completed in ample time for the opening of the Mexican derby December 3.

"The Social Revolution Forever."

ROME, Nov. 13.—Deputy Defelice made a violent socialistic speech before a meeting in Catania, Sicily, Saturday evening. He condemned without measure the government's course in sending troops to aid the great land owners in oppressing the peasants, and compared the condition of Sicily with that of Ireland. Each island, he said, was governed by a cabal of malefactors who provoked the people to violence. He urged the people and workingmen to stand together against the aristocrats and their helpers and to join hands with the disinherited of other nations.

Deputy Defelice's speech was cheered repeatedly. The meeting closed with the cry: "The social revolution forever."

How the State Funds of Minnesota Were Farmed Out.

ST. PAUL, Minn., Nov. 13.—Evidence in the receivership case of the Bank of New England has disclosed the fact that state treasurers have for years been lending the state funds to banks, the interest going to their personal accounts. In some instances banks have paid 3 1/2 per cent. personal interest on state moneys besides the 3 per cent. allowed by law. The 3 1/2 per cent. went directly to the state treasurer, and was in the nature of an emolument for placing the deposits of the state moneys with them. It is likely that suits will be brought to recover some of the bank interest.
